

A new programme is available each March, July and November and combines all the led walks from the seven geographical Gloucestershire groups, the Gloucestershire Walking Group (for 20s 30s & 40s) and Gloucestershire Area Mid Week group.

We hope lots of walkers will be able to see and use this programme at www.gloucestershirearearamblers.org.uk **IMPORTANT LATE CHANGES** will be shown on the link for **GRWalks Updates** on the Walks Page – do check – or ring the leader if you are not on computer - before travelling.

If you need a printed copy of **GRWalks** just apply to the editor Mike Garner (GRWalks), Southcot, The Headlands, Stroud GL5 5PS. Please quote your Ramblers' Group and membership number enclosing SAEs 9x6 inches.

Online users can click the links below to look at a group's walks. Click on the title of a walk you are interested in and scroll down to see an interactive map.

Ramblers' Walks

November 2011 to February 2012

Volunteers from each group have submitted their own walks' information to Central Office and have also kindly sent a copy for combining together as the **GRWalks** programme. Information is a full copy of their walks programme. If you look up a walk on the Ramblers' Walks Finder you will also find a location map or maps – see left for Group programme links.

CHECK Before travelling any distance, you are recommended to ring the leader and/or see **GRWalks Updates** on the Area Website (see left column) to double check for late changes.

MAPS L=Landranger, E = Explorer, OL = Outdoor Leisure. Groups who meet direct at the start are asked to quote these.

PHONE NUMBERS * = mobile for use on day of walk ONLY.

FOOD AND DRINK Bring some emergency food on all walks. Also water or other drinks. Beware of dehydration.

TERRAIN Some groups give advice on terrain, please note.

GROUP WALKS FINDER www.ramblers.org.uk/walksfinder

To provide consistency between Groups nationally, Ramblers has developed a grading system so that walkers looking at the national website know what to expect. Three of our groups use this system:

E = Easy - Walks up to 5 miles for anyone who does not have a mobility difficulty or a specific health problem or is seriously unfit.

L = Leisurely - Walks for reasonably fit people with at least a little country walking experience. May include unsurfaced rural paths. There may be a few hills. Boots and waterproof clothing recommended.

M = Moderate - Walks for people with country walking experience and a good level of fitness. May include steep paths and open country. Walking boots and warm waterproof clothing essential.

S = Strenuous - Walks for experienced country walkers with an above average fitness level. May include hills and rough country. May also be over more moderate terrain taken at a brisk pace.

All leisure activities have inherent hazards associated with them and rambling is no exception. In spite of the safety of participants always being the paramount concern, accidents will occasionally occur. It is important, therefore, that when entering into the activity, each person appreciates that they have a responsibility to identify the hazards associated with the activity and take all reasonable steps to eliminate or minimise the potential for an accident to arise.
